

# Erica Wimbush

Whitespace Gallery, Edinburgh  
25 Nov – 1 Dec 2022

Erica Wimbush is an artist based in East Lothian. She works across a variety of paint and print mediums with her recent work combining mixed-media collage and woodcut with paint.

The work in this exhibition is an emotional response to the tragic destruction of the giant ancient trees that Storm Arwen struck on Scotland's eastern coastline in November 2021.
